INDEX

Page

Africa, rice production, distribution, and trade, 1935–40 and 1945–46 ---- 179
Agrarian policy, Mexico, development ---- 139–142
Agricultural—
and Cattle Bank, Venezuela, functions ---- 101
areas, Ruthenia, types ---- 117–118
commodities, Argentina—
exports as percentage of total exports ---- 170
percentage of production exported 1920–44 ---- 170, 171
trade restrictions, types and purpose ---- 170, 171
conditions, Chile, basic trends ---- 35–37
credit, Mexico—
agencies and legislation ---- 143–145
types of loans ---- 145
development, Ecuador, postwar problems ---- 32
improvement—
Egypt, plans ---- 147–148
Mexico, cooperation with the United States ---- 146
land, utilization in Chile, 1942–43 ---- 107
poeple, wages and income, Chile ---- 110–111
policy in—
Chile. Oscar Moore ---- 34–45
Cuba. Paul G. Minneman ---- 122–128
price changes, Colombia, compared with U. S ---- 87
prices and wages, Colombia, structure of. John A. Hopkins ---- 82–96
produce, Ecuador, marketing ---- 22
production—
and trade, Chile, pattern. Paul L. Guest ---- 106–114, 128–136
scientific stimulation, program of F. A. O ---- 3, 4, 5
See also under names of countries.
products—
Argentina's rank as producer and exporter ---- 170
Chile, foreign trade ---- 34–36, 135–136
Colombia—
costs in relation to wages ---- 92, 93, 94
labor requirements ---- 83–86
prices, compared with U. S ---- 86–88
marketing research under F. A. O ---- 2, 5, 6
program—
Chile—
postwar plans ---- 43–45
prewar Government control ---- 38–41
wartime Government measure ---- 41–43
new, in Egypt. Anis Azer ---- 147–148
research, in F. A. O. program ---- 2, 3, 4
Ruthenia. F. S. Straus ---- 114–120
specialists—
Soviet aid to. Sylvia Goodstein ---- 104
Soviet Union, Government aid by decree ---- 104
statistics, improvement under F. A. O ---- 5–6
trade, Argentina's foreign policy. Oscar K. Moore ---- 170–177
Agriculture—
and food organization, United Nations, Joseph A. Becker ---- 2–6
British Honduras—
Constance H. Farnworth ---- 55–64
effects of the war ---- 63–64
Government policy ---- 63

Page

Agriculture—Continued
Chile—
climatic zones ---- 106, 108–109
percentage of population engaged in ---- 110
Colombia—
compared with U. S ---- 82
objectives ---- 82
proportion of population engaged in ---- 83
steps for improvement ---- 93–95
Ecuador—
and the war. Kathryn H. Wylie ---- 18–32
effects of the war ---- 31–32
Government policies ---- 29
European, decline and recovery: World Wars I and II. Naum Jasny ---- 50–55, 66–75
Mexico—
aid of credit organizations ---- 143–145
benefits of 6-year plans ---- 142
land problem ---- 139
Siam—
improvement possibilities by governmental aid ---- 167
physical features affecting ---- 154–156
Robert L. Pendleton ---- 156–167
Animal fats—
estimated world production 1935–39, 1945 ---- 148, 149
exports, principal producing countries, 1935–39, 1946 ---- 150
Animal products, value of Chile's foreign trade, 1943–44 ---- 35, 36
Argentina—
agricultural commodities—
exports as percentage of—
total exports ---- 170
production 1920–44 ---- 170, 171
position in world production and trade ---- 170
trade restrictions, types and purposes ---- 170–171
Central Bank, duties ---- 174
exchange control, methods, and rates ---- 173–174
foreign agricultural-trade policy. Oscar K. Moore ---- 170–177
imports—
Government control, wartime and postwar ---- 172–173
tariffs, purpose of ---- 171–172
revenue receipts, national, by principal source, 1945 ---- 171, 172
trade agreements—
United Kingdom ---- 175–176
United States ---- 176–177
Asia, rice production—
and consumption, 1936–40, 1945–46 ---- 178, 179, 180, 181
and distribution, 1935–46 ---- 179
Azer, Anis: Egypt's new agricultural program ---- 147–148

Balsa industry in Ecuador ---- 75, 76–77
Bananas—
British Honduras—
exports, specified years ---- 59
production ---- 58–59
Ecuador—
exports ---- 22, 25, 26
principal commercial areas ---- 26
production ---- 18, 19, 20, 22, 23, 25–26
Barley, Chile, production ---- 128–129
